

*Supplying spacer solutions
to the electrical and communications industry*

**REDUCED INSTALLATION TIME
CUSTOMISE TO ANY CONFIGURATION
AVAILABLE PRE ASSEMBLED
FREE DIMENSIONED CAD DESIGN & QUOTE**

Products:

CONDUIT SPACER

The Spacer Company Range of Patented Duct Spacers allow the Conduit of varying sizes and configurations to be laid within a Conduit Trench or Duct Providing consistent separation.

Easy Assembly - No Special Tools Required

Available to suit 100, 125, 150mm and 200mm Conduit

Manufactured in Australia using 100% Recycled Materials

Available Partly Pre-Assembled

Patent 2008255271

SPACER BLOCK

Spacer Blocks are used to increase the standard 50mm separation between conduits. Available in 20, 25 and 50mm these stack together to customise the Conduit layout.

BAFFLE SPACER

Customise a spacer solution with our **Baffle Spacer**.

Each **Baffle Spacer** is manufactured in Australia from 15mm thick PVC or 12mm Super Tough Recycled Polyethylene. By using our CNC Equipment to cut each spacer we ensure precise spacing is maintained.

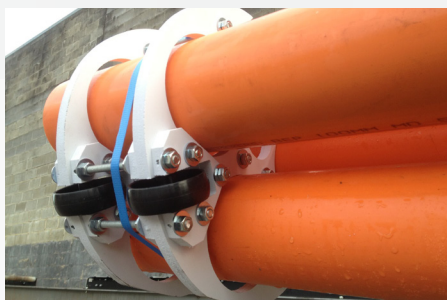

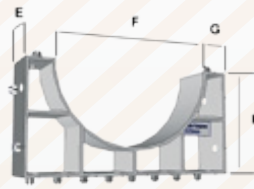

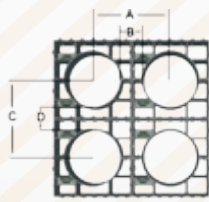

Provide us with your basic requirements and we will provide dimensioned CAD drawings for approval before cutting.

BORE SPACER

Bore Spacers are used in Underbore applications to help maintain correct positioning of PVC Conduits or PE Pipes. Each Bore Spacer is custom designed and manufactured in Australia using either our PVC (Celluka) or Super Tough PE board.

The Bore Spacer can be supplied with or without Nylon Castor Wheels depending on the application.
